Guide to preparing documents

1. **Scan originals in colour and at high quality (at least 300 dpi)**, maximum limit of 20MB per upload. If a document is double-sided, scan both sides of the document.
2. **Combine all pages of multiple-page documents into one PDF document.** For example, a final academic transcript over multiple pages should be uploaded as a single PDF file.
3. If submitting electronic documents with digital signatures like eQuals, it must be verifiable. This requires downloading the PDF and not changing the file name.
4. In cases where documents cannot be scanned (e.g. a large award certificate), a photo may be uploaded. The photo must be in high-resolution, in colour and present the entire document against a clear background.
5. Documents not in English must be accompanied by an accredited English translation uploaded as 'Other'. This is required even for Latin award certificates issued by English-speaking countries.

Note: There is no need to get your documents certified as true copies. AITSL reserves the right to request original documents.

Please do not submit the following

- Copies that are incomplete or missing parts (e.g. header/footer cut off)
- Black and white scans – unless original was issued in black and white
- Low-resolution scans

- Documents that have fingers or other items/objects in view

Note: Submitting the wrong documents will delay the processing of your application.

2. Provide colour copies of all documents
3. Include all pages for multiple-page documents in one file
