3. Other Relevant Information

During the Application Process

Once an application has been started, the Applicant portal will automatically save your information and uploaded documents and there is no need to complete the application in one sitting.

A summary of the application is available once all the information has been submitted.

We will not commence assessment until the application has been completed and payment made.

Notification and Communication

Upon receipt of an application and approval of payment you will receive an automatic email notification with a reference number with the prefix 'SAMS'. The email will be sent to you, or your agent if one has been nominated. You can then log into the Applicant portal to read the full message and view your receipt of payment.

Once assessment has commenced on your application, AITSL will communicate with you via the Applicant portal's message function. You will receive an email to your nominated email (or your agent's email) notifying you when you have a message. You must reply and communicate with AITSL via this message function and not through emails to migration@aitsl.edu.au or phone calls.

Communication through the message function within the Applicant portal ensures a timely response to assessment related enquiries.

However, **AITSL does not provide information on the progress or status of an assessment application** and we will not respond to any request for information in that regard.

To ensure you receive all communication from AITSL, you should ensure that your email details remain up to date in the Applicant portal. As an Applicant portal user, you can make changes to your email details at any time.

Request for Changes after Submission

Change of occupation

You can request for a change in occupation by sending us a request through the Applicant portal. We will not accept any request to change the nominated occupation after an assessment outcome has been completed.

Refund

Should you need to withdraw your application please contact us via the Applicant portal. AITSL can only issue a partial refund (AUD700) if the assessment of the application has not commenced. No refund will be issued if assessment of the application has started. Assessment would have commenced when the Applicant portal dashboard shows the word Underassessment against the application.

New Evidence

If you wish to submit new evidence obtained after the date of the assessment outcome such as a recent qualification or an Academic IELTS test result, a new assessment application and fee will need to be submitted.

Assessment Timeframe

The estimated assessment timeframe is **10 weeks from the date of payment and submission** in the Applicant portal. Any incorrect or incomplete application may result in delays to the assessment timeframe, as further information needs to be requested and reviewed.

Please note the estimated **10-week assessment timeframe will restart from the time AITSL has received this additional information.**

AITSL does not offer a fast track assessment service. If an outcome is required by a specific date, it is the applicant's responsibility to submit their application at their earliest opportunity. All applications are assessed in the order in which they are received - on a first come, first served basis.

AITSL does not provide information on the progress or status of an assessment application and we will not respond to any request for information in that regard.

Requests for Information from AITSL

As part of the assessment process, AITSL reserves the right to request additional documentation, replacement documentation or information from you or a third party. When additional information is required from you, AITSL will contact you through the Applicant Portal for any additional information.

You will need to upload the additional information or documentation via the Applicant Portal. All additional information should be uploaded at the same time and any missing or incomplete information will cause further delays to the assessment of your application. Please note the estimated **10-week assessment timeframe will restart from the time AITSL has received this additional information.** Any intentional or deliberate failure to comply with these requests may also lead to an unsuitable assessment outcome.

Where additional information is requested directly from a third party (e.g. your University), AITSL will pause the assessment process and the 10-week assessment timeframe will generally begin once the further information is received. When AITSL seeks information directly from third party sources, applicants are not responsible for uploading any additional documentation.

Assessment Outcome

The assessment outcome will be available to you within the Applicant portal. If you receive a suitable outcome, you will be able to download a copy of the accompanying AITSL Skills Assessment Certificate which is valid for two (2) years from the date of issue. The assessment outcome will not be provided in hard copy.

If your application is unsuitable, you will be able to download a formal letter which specifies the reason/reasons why your application did not meet the criteria.

All outcome statements will remain available in the Applicant portal for two (2) years from the date of issue.

After your assessment

Contact the [Department of Home Affairs](#) for the next steps in your migration process.

To work as a teacher in Australia you will need to gain registration with the teacher regulatory authority in the relevant state/territory. A complete list of [teacher regulatory authorities](#) is available on our website.

To work in some early childhood settings you may need to gain recognition with the [Australian Children's Education and Care Quality Authority \(ACECQA\)](#).

Appeal

A formal appeal can be requested if you do not agree with the assessment outcome. The request must be made within sixty (60) days of the date the outcome was issued. The fee for an appeal is AUD845 and is payable in advance.

A request for an appeal should be made to AITSL via the Applicant portal. When the request has been made, the appeal function will be opened, and you will have 30 days to submit your appeal information within the Applicant portal. Payment of AUD845 will be taken at the point of submission.

An appeal outcome is issued within 10 weeks of the appeal submission in the Applicant portal.

4. Skilled Employment Statement

If you have been assessed as suitable and received an **AITSL Skills Assessment Certificate** you have the opportunity to request a skilled employment statement (SES). An SES is an optional summary of relevant skilled employment which you can use as part of the Points Test for skilled migration.

Once you have received a Skills Assessment Certificate you will have access, within the Applicant portal, to request an SES. The assessment fee for an SES is AUD228. If you have not received a Skills Assessment Certificate you are ineligible to apply for an SES.

AITSL can assess skilled employment that was:

- undertaken within the past 10 years

- undertaken after the completion of four years of higher education study including completion of a recognised initial teacher education qualification
- for at least four consecutive weeks and at least 20 hours per week
- undertaken within a registered school setting or early childhood setting
- paid employment.

A skilled employment statement requires an applicant to submit employment statements on official letterhead of the employing authority or school, be signed and dated, and include the following information:

- Name of school
- School setting e.g. early childhood/primary school/secondary school
- Name of employer (if different from school)
- Address of employer
- Dates of employment - start and finish dates (month/year)
- Title of position/job
- Age range of students taught
- Hours of employment per week.

Employment statements that do not contain the above information issued on official letterhead cannot be considered.

Full details of the criteria for a skilled employment statement, including how a closely related occupation is assessed, can be found [here](#).
